Profile

I am a fresher and fellow at NxtWave with skills in HTML, CSS, and Java. I have practiced building web pages and learning programming basics, and I am eager to apply my knowledge, improve my skills, and start my career as a software developer.

Education

Bachelor of Pharmacy -Srinivasa Rao College of pharmacy(2021 - 2025) with 7.52GPA

Intermediate -Srichaitanya jr College (2018 - 2020) with 9.3 GPA

Skills

- **HTML**

I have learned to build and structure webpages using headings, links, images, tables, and forms. I also gained skills in using semantic tags to make webpages clean, accessible, and user-friendly.

- **CSS**

I have learned how to style webpages with colors, fonts, and layouts. I also practiced making designs look neat, responsive, and user-friendly.

- **Java**

I have learned the basics of Java programming, including writing simple programs and understanding object-oriented concepts. I also practiced solving problems using loops, conditions, and functions.

Projects

Portfolio Website - Created a simple personal website using HTML and CSS.

Amazon Clone - Designed a sample webpage similar to Amazon.

Declaration

I declare that the above details are true to the best of my knowledge.
